

OnMusic Fundamentals v4

CONNECT FOR EDUCATION

The newest version of OnMusic Fundamentals is our most complete and robust offering ever. The course covers all the basics - from note names, the keyboard, key signatures, clefs, intervals, scales, chords, etc. - and now includes over 150 all new ear training exercises to complement the written theory.

OnMusic Fundamentals Fourth Edition offers a robust and integrated set of digital online content and instructional tools designed to make learning accessible and enjoyable for your students. Highly engaging and interactive, your students can now simultaneously practice aurally everything they are learning visually.

This Digital Course Offers:

- A complete music fundamentals textbook with hundreds of interactive activities, exercises, musical examples, and auto-graded quizzes and tests
- Linear course structure that maps the content to your specific course calendar and dates and proven to keep students on track and save you tons of work
- Customizable content, quizzes, exams, grade weights, assignments, calendar, assessment timings, and more to fit your unique teaching style and needs
- Exclusive integration with the widely used and comprehensive **Online Music Dictionary** – with definitions and pronunciations
- Interactive scores and streaming audio that demonstrate musical concepts.
- **Auralia and Musition** – the world's leading software for theory and ear training programs are integrated into this course offering dictation practices, written skills and exercises, and practice exercises.
- Exceptional and free in-house technical support to instructors and students
- Numerous effective measures to address student cheating
 - Over twenty years of experience with delivering interactive college level music online. Thousands of instructors and hundreds of thousands of students have used our music titles. Their feedback guides our development as we constantly find solutions to problems facing professors (engagement, student success rates, and retention, etc.)
